Prepaid Lifetime Membership

Did you know that when you retire your AFT lifetime membership is paid?

Did you know that you can prepay lifetime membership to FEA/NEA while you're still working?

\$300 gets you this lifetime membership.

Lifetime membership continues all of your benefits after you retire.

Retirement may seem like many years away, but now is a great time to prepay this lifetime membership.

Advantage: gives you all the benefits of BFT/FEA/NEA/AFT and you don't have to deal with the escalating cost of this membership or the escalating cost of the annual dues to FEA/NEA.

One other benefit: when retirement finally arrives and you join BFT Retirees, we will pick up your first year's local dues. How can you pass up a bargain like this?
