TEACHER SALARY INCREASE ALLOCATION – 1011.62(16)
SY22 REVISION

Whereas F.S. 1011.62(16) became law July 1, 2020; and

Whereas F.S. 1011.62(16) directs the definition and use of a Teacher Salary Increase Allocation provided by the State; and

Whereas Brevard Public Schools proportional share in 2020 was \$11,366,243 of which 80% of this amount was statutorily designed to raise minimum base salary; and

Whereas, in 2020, by using 80% or \$9,092,994, the minimum base salary for teachers in Brevard Public Schools was increased to \$46550; and

Whereas the allocation for Brevard Public Schools proportional share in 2021 was originally determined to be the same \$11,366,243, of which 80% was to be for maintaining and raising the minimum base salary but in actuality was later corrected by the State; and

Whereas the \$11,366,243 originally determined to be the amount of which 80% increased the minimum base salary to \$46800; and

Whereas the amount provided by the State to *maintain* salaries was later corrected by the State, in an email dated February 8, 2022, to be \$10,902,790; and

Whereby the difference between the corrected allocation of \$11,993,068 and \$10,902,790 is \$1,090,278 and is the amount to be used for growth; and

Whereas 80% of \$1,090,278 is what must be used, statutorily, to raise minimum base salary in SY22;

Now, therefore, the newly calculated minimum base salary for Brevard Public Schools, for SY22, is \$47,000 and must be submitted, in an approved plan, to the State in order for funds to be released.
